Subject: Online Excess Inventory Program

To our valued customers:

We are excited to announce that we are implementing a new function to our website which will allow you to have access to some of our excess inventory available from our tool steel and stainless steel inventory. This list is currently available on our website at www.schmolz-bickenbach.us under the “Excess Inventory” tab.

To log on to see the excess inventory, please click the “[contact](#)” button on the “Excess Inventory” tab and request a username and password via email. We will then email that information back to you and the inventory lists will be available.

If you would like to order material from this list, please print out the inventory sheet and mark the materials that you would like to order. Once complete, please email Jeff Hobbs at jeff.hobbs@schmolz-bickenbach.us or fax the information to (630) 682-4259. Once we receive this document, we will confirm the inventory availability and send an order confirmation.

This list will be updated at least once per month. Standard terms and conditions will apply and are available online at www.schmolz-bickenbach.us. All material will be shipped via common carrier, FOB Stocking location which will be noted on the inventory list.

If you have any further questions on this new feature, feel free to contact your local sales representative or contact our sales department at (800) 323-1233.
